Dr. Mirzaei,

We, at Samaritan's Purse, would like to join the William's Family in thanking you for your generous support over the past several years! We appreciate your kindness by donating toothbrushes for the shoeboxes for underprivileged children. We have seen how these gifts have made such an impact to the communities that have received shoeboxes.

Last year, Canada distributed 730, 577 children with shoeboxes to twelve countries because of the generosity of so many generous Canadians, like you. We are so grateful for your donation!
