Staff of Apple's Millennium Park Dental,

I would like to send our deepest appreciation to you for your constant support over the years with Operation Christmas Child!

Your partnership with this mission has provided children in Africa and South America with toothbrushes, and dental floss. Some might not be able to obtain these items on their own and with your generosity they now are able to have their own. The distribution team can explain how to use their new dental care items while in the field.

We so appreciate your generous donation, especially during this season we find ourselves in during this pandemic.

Tim Tyson

Central Drop-Off Location Coordinator
Ottawa East

Good News. Great Joy.
